Congratulations on your purchase of the **Chopper Squad Mission** from Interactive Toy Concepts!. The Chopper Squad Mission requires 4 x AA batteries to operate! Alkaline batteries are recommended for best performance.

**IMPORTANT:** This product includes ‘try-me’ batteries. Used for demonstration purposes only. Before use, remove the try-me batteries and replace with the appropriate batteries called for in this guide.

### INSTALLING / REPLACING BATTERIES

1. Open the battery compartment door located at the bottom of the Chopper Squad Mission by using a Phillips screwdriver (not included).
2. Insert the batteries as shown. Ensure that the + or – polarities match the illustrations inside the battery compartment.
3. Replace the battery compartment door and tighten the screw. Do not over tighten.

### CONTROL INSTRUCTIONS - HOW TO OPERATE THE CHOPPER SQUAD MISSION HELICOPTER

**THROTTLE:**
The throttle controls the power to the rotor and creates lift and hover. Pull the throttle down slightly and the rotor blades will start to rotate. Use slow even movements.

**PITCH:**
The pitch control changes the angle of the rotor blade. Push the pitch control lever up and the helicopter will tilt forward and fly in the forward direction. Pull the pitch control lever down and the helicopter will tilt back and the fly in reverse.

**ADVANCE CONTROL SKILLS:**
A cargo box for pick-up action is included. You can try to control the helicopter to pick-up the cargo during hovering.

### IMPORTANT BATTERY INFORMATION

Do not mix old and new batteries, different types of batteries, standard carbon zinc, or alkaline batteries of different capacities. Do not use rechargeable batteries. Ensure that the contact surfaces are clean and bright before installing new batteries. Please match the correct polarity (- or +) when replacing batteries. Do not throw batteries into the fire. Replace all batteries of the same type/brand at the same time. The supply terminals are not to be short-circuited. Remove exhausted batteries from the toy. Batteries should be replaced by adults. Remove batteries if the toy is not going to be played with for a long time to prevent leakage or other damage. Non-rechargeable batteries are not to be recharged. Rechargeable batteries are to be removed from the toy before being charged. For optimal performance, use only alkaline batteries.

### IMPORTANT SAFETY INFORMATION

Do not modify your Chopper Squad Mission! Any changes or modifications to this product are strictly prohibited and will void product warranty. **ADULT SUPERVISION IS RECOMMENDED AT ALL TIMES!**
