**IMPORTANT BATTERY INFORMATION**

Do not mix old and new batteries, different types of batteries, standard carbon zinc, or alkaline batteries of different capacities. Do not use rechargeable batteries. Ensure that the contact surfaces are clean and bright before installing new batteries. Please match the correct polarity (- or +) when replacing batteries. Do not throw batteries into the fire. Replace all batteries of the same type/brand at the same time. The supply terminals are not to be short-circuited. Remove exhausted batteries from the toy. Batteries should be replaced by adults. Remove batteries if the toy is not going to be played with for a long time to prevent leakage or other damage. Non-rechargeable batteries are not to be recharged. Rechargeable batteries are only to be charged under adult supervision. Rechargeable batteries are to be removed from the toy before being charged. For optimal performance, use only alkaline batteries.

**IMPORTANT SAFETY INFORMATION**

Do not modify your LIGHT STAR! Any changes or modifications to this product are strictly prohibited and will void product warranty. ADULT SUPERVISION IS RECOMMENDED AT ALL TIMES!
